GRADE 1

A WALK THROUGH THE MUGHAL GARDENS

“Travel opens the mind more than any book ever can.”

Enriching field trips contribute to the development of students into civilized young men and women who possess more knowledge about art, have stronger critical-thinking skills, exhibit increased historical empathy and display higher levels of tolerance. Field Trips are important to help bridge the gap between education and hands-on experience.

To imbibe the love for nature in students and making them grow as responsible citizens a trip was organised for Grade 1 students to Mughal Gardens on February 26th 2019.

Mughal Gardens have often been portrayed, and deservedly so, as the soul of the Presidential Palace. Mughal Garden is one of the most significant historical gardens in Delhi.

Students could not take off their eyes away from its lush greenery. Moreover, the colourful flowers added up to the pleasure of their eyes. The children were delighted and pledged to plant a sapling themselves and also to be a responsible citizen.
