1.	11/10/19	<b>Asmita Theatre Workshop</b>	<p>In a workshop conducted by Mr. Rahul Khanna, a renowned theatre artist, the Kotharians learnt the significance of theatre to combat all obstacles. The workshop commenced with a beautiful revelation that every person from a guard employed in our security, a housekeeping staff taking care of our health and hygiene , a teacher who selflessly trains us to a gallant soldier who safeguards us is truly worthy of our love , care and respect. He also explained that there are two kinds of people – World-driven and Self-driven, and one must choose to be self-driven and walk his own paths to contribute in the making of an undisputed world. He encouraged students to come up with the issues of our society that call for an immediate remedy, and enlightened them to the fact that theatre, monologues and street plays can be efficient tools to battle these issues.</p>	 <p>The first photograph shows a large group of students in a hall, seated on the floor, facing a stage where a man is speaking. The second photograph shows a close-up of a student in a school uniform interacting with a man on a stage.</p>

2.	14/10/19	<p><b>Workshop by Climate Foundation of India</b></p>	<p>A workshop about improving knowledge for enhanced climate change response and decision-making was conducted by climate foundation of India held on Monday, 14<sup>th</sup> October 2019 for teachers by Ms. <b>Rathi</b>. The workshop on Climate change education provided an important window into individual and societal responsibility. If we exhaust natural resources, there will be nothing left for our children. The workshop gave simple inputs to conservation and environmental change.</p>	
3	23/10/19	<p><b>Educational Trip To JantarMantar for grade 6</b></p>	<p>An educational trip to Agrasen Ki Baoli and JantarMantar was organised for students of grade 6 on 23 October 2019. The students were made aware of many facts about these World Heritage Sites by Social Science teachers Ms. Richa Monga and Ms. Sumita Bhatia. Visit to JantarMantar, an astronomical observatory provided an opportunity for students to learn about the scientific practices of 18th-century India. The learners marvelled at the intricate network of dials and devices used to follow the patterns of the planets, the Samrat Yantra, a huge triangle that acts as a sundial which is 70 feet (20 meters) high, the Misra Yantra, a tool to work out which are the shortest and longest days in the year.</p>	

Learning lies in going beyond our classrooms and exploring the world around. To drive the aforementioned learning objectives, Grade 7 students were taken on an educational field trip to UgrasenkiBaoli and JantarMantar. They learnt about the significance, history and make of both places , and also how they were brought in use by the people of that time. Students learnt that it is believed to have been constructed by the legendary king Ugrasen and was rebuilt between 13 and 14 centuries. It was used for bathing and agricultural purposes by the commoners of that era. However, with the baoli going dry now, students were made to ponder over the misuse of water and its scarcity in the bygone as well as present time. They were also sensitized towards the dire need of learning ways to save water.

5 24/07/19

6	24/10/19	<p><b>Gr. 6B Assembly on SDG No. 12</b></p>	<p>The commencement of assembly was with morning chant which made the environment calm and serene. As KIS is in communion with United Nations sustainable development goals, the topic of grade 6-B assembly was goal 12- RESPONSIBLE CONSUMPTION AND PRODUCTION. The Thought of the day was followed by campus news. Then, the whole class presented a song which was fusion of music from Ed Sheeran's Shape of you and lyrics on food wastage, and a song with message on how to save the water was explained. Then the whole class again came on the stage to perform nukkadnatak. The loud applause showed that the audience thoroughly enjoyed the street play. In the end, our Principal ma'am and parents appreciated the assembly with their positive feedback. The assembly was concluded by the school song followed by National Anthem.</p>	
7	21/10/19	<p><b>Performing Arts Assembly</b></p>	<p>On 21st October 2019, the 'Performing Arts' assembly took place in the A.V. Hall where students of Grade 8 displayed their tributes to the cultural arts of our nation. The assembly commenced with a crisp introduction by anchors, Tarini Aneja and Shraddha Kumar. This was followed by the lamp lighting which filled the atmosphere with serenity. The first to showcase their talent was the band; This also included the solo guitar and keyboard performances as well as a brilliant tabla rendition by our talented students.</p>	

21/10/19		<p><b>Performing Arts Assembly</b></p>	<p>The culture of our country was then brilliantly showcased by the Kathak dance form performed by 4 students of Grade 8. The western dance culture was also impressively exhibited by the jazz students of the Indrayu Academy of Performing Arts. Next in the line was the melodious singing of the religious bhajans by the Indian Vocal Music students of our school.</p>	
8	24/10/19	<p><b>Celebration of togetherness on the occasion of Diwali</b></p>	<p>Kothari International School family got together to celebrate Diwali with the theme 'Togetherness.' Principal Ma'am enthused every department of the school to present a short item on togetherness. Each section of the school participated in high spirits – dance, songs, poetry and more. The entertainment was followed by a motivational speech by the School Trustee, who then showered love to the employees on behalf of the management. Each employee of the school was honoured by a Diwali gift. The Principal paid reverence to the Trustee Dr. Avinash Gupta and the Senior Management by a thank you note. The entire KIS family posed in style to flaunt their Diwali gifts and be thankful to the gracious Management Heads of KIS.</p>
