When we look at the beauty of **nature**, we find that **five elements** of nature provide the foundation for the entire physical world. Everything in nature is made up of five basic elements: earth, water, fire, air and space. With the changing times and lots of technological advancements, man has disturbed the balance in nature and has contaminated these five elements. Mother Earth is on the verge of its destruction. Taking care of the Earth is important to our well-being. If the right actions are not taken in time then that day is not far when our actions will annihilate the Earth and the humans will perish. To make our future generation aware of this dire situation, **Grade 3C** presented their Class Assembly '**Chalo Kuch Kar Dikhayein** 'on **8<sup>th</sup> of November, 2019**. The students presented a power packed street play highlighting human follies of destroying the five elements of our very existence, thus trying to convey of message of being Eco friendly and respecting the five elements and the nature, so our future generations can breathe in a better world. <p>29<sup>th</sup> November 2019</p>	<p>CLASS ASSEMBLY  THE JOY OF GIVING</p>	<p>3F</p>	<p>We all know how great it feels to receive gifts. However, the joy of getting is mostly short-lived. Our lives are richer when we share, and that great inner joy comes from sharing and helping others to live a better life. Sharing is not restricted to wealth or materialistic things, even a few words of sympathy can make a tremendous difference in someone’s life. When we give something without an expectation of receiving anything in return, we can connect to others in many ways. To encourage our students to be more generous without expectation of reciprocation, Grade 3F presented their assembly ‘<b>The Joy of Giving</b>’ on November 29, 2019. The students were full of enthusiasm and zeal and presented a mélange of thoughts, ideas and expressions through a nukkad natak highlighting that truly giving from heart fills our life with joy and nourishes our soul. The confident students motivated the audience in abundance and received a unanimous and hearty applause from everyone present in the hall.</p>
