6 th October 2020	Assembly (Affordable and Clean Energy)	4&5	<p>Morning assembly is the most important feature of our school curriculum where students learn the value of collective prayer and are exposed to the need to inculcate moral and ethical values. The morning assembly gives each child a platform to showcase his/her talent and start a robust start of the day. It is held twice a month and is an integral part of learning by doing. It strengthens work of the school. School assembly at Kothari are conducted with complete and active participation of students. Morning assemblies are well-planned.</p> <p>A grade tutor and a group of students plan and implement school assembly on a regular basis. Various activities in the morning assembly include Prayer, Thoughts, Talk on the topic, Book review etc.</p> <p>Our Morning Assemblies are theme based and the topics focus on Sustainable Development Goals. Today's theme was "Affordable and Clean Energy" which is SDG Goal#7. A brief on the takeaways from today's assembly are summed up below:</p> <p>Goal -To ensure access to affordable, reliable, sustainable, and</p>	 

			<p>modern energy for all.</p> <p>A well-established energy system supports all sectors: from businesses, medicine and education to agriculture, infrastructure, communications and high-technology. Access to electricity in poorer countries has begun to accelerate, energy efficiency continues to improve, and renewable energy is making impressive gains. Nevertheless, more focused attention is needed to improve access to clean and safe cooking fuels and technologies for 2.8 billion people.</p> <p>Energy services are essential for preventing disease and fighting pandemics.</p>	
	<p>TECHNOCON 2020- DREAM IT BELIEVE IT ACHIEVE IT</p>	<p>4&5</p>	<p>Technology is the sum of techniques, skills, methods, and processes used in the production of goods or services or in the accomplishment of objectives, such as scientific investigation.</p> <p>Asmi Garg and Shivangi Prasad of Grade 4 participated in the Color Plop Competition using the MS PAINT tool. The creativity and imagination of students presented with exceptional technical skills.</p> <p>The competition was conducted on an online platform on the topic “How to kill Corona” where the jury panel rigorously screened each participant and assessed each performance to reach their final verdict.</p>	 

12 th October – 17 th October	ONLINE SOCIAL SCIENCE ACTIVITY ON GOOGLE MEET	4	<p>India is a beautiful land of diverse cultural heritage as well as landforms. The Indian culture varies like its vast geography. People speak in different languages, dress differently, follow different religions, eat different food but are of the same temperament.</p> <p>The Indian culinary repertoire reflects the cultural diversity of the country. Bringing the same beauty, creativity and diversity into their work, the students of Grade 4 Kothari International School Noida had a wonderful Experiential Learning experience during the month of October in their social science classes wherein they participated enthusiastically in an INTRA CLASS COLLAGE MAKING COMPETITION on the “Food items of the Coastal State of India” as a preliminary round for an upcoming Inter-Class Competition.</p> <p>They were asked to make PowerPoint Presentation on Food Items prepared in the coastal state of India for the duration of two minute. Selected students were asked to make one minute video on “Tourist Attractions/Destinations of the Coastal State of India” dressed up as a Tourist and they shared their video for the next Round wherein they competed with the students of other sections in INTER CLASS COMPETITION on the topic “Tourist Attractions of the Coastal State of India”. Students presented it with zeal and vigor and touched the judge’s heart.</p> <p>During this activity they came to know varieties of dishes which are being prepared on different occasions and on regional festivals as well as Tourist Destinations of the coastal states of India. Their Presentations enthralled the viewers and audience.</p>	   
--	--	---	--	---

			<p>They were amazed to know further that not only Indian cuisine but Architecture also is influenced by European countries who came as traders and settled here for centuries particularly in the coastal states.</p>	
<p>12th October – 17th October</p>	<p>ONLINE SOCIAL SCIENCE ACTIVITY ON GOOGLE MEET</p>	<p>5</p>	<p>Has anyone ever motivated you to change your life in a significant way that made you healthier, happier, or more fulfilled? If so, you understand the difference that positive motivation can make in a person's life. Motivation and being influenced is powerful, but it isn't easy.</p> <p>Activity-based learning is the baseline for creative and critical thinking skills enhancement. However, this method will function properly if our students are motivated to achieve their actual potential. The most useful and effective method to involve students is interactive activities. By utilizing different activities in the classroom, critical thinking skills and creative skills of the students are also enhanced.</p> <p>Students of Grade 5, Kothari International School Noida have potential to be a positive influence capable of inspiring their loved ones to become better versions of themselves, the new session started with a lot of zeal and enthusiasm. The students were geared up and were looking forward to Social Science Activity that educates, brightens and enlightens the young brilliant minds. Equal opportunity was given to each one of them to express their views in the class with a new feel. This activity</p>	

			<p>was based on <u>PERSON WHO HAS MOTIVATED AND INFLUENCED YOUR LIFE THE MOST</u> and was conducted in the month of October. Wherein, the students of Grade 5 expressed their heart out about how different personality has influenced and motivated them to be a better human being.</p>	
15 th October 2020	'KALAM YOUNG SCIENCE INNOVATORS'	4&5	<p>“Creativity is the key to success in the future and primary education is where teachers can bring creativity in children at that level” said former Indian President A.P.J. Abdul Kalam.</p> <p>Following these words of a righteous man every Indian idolises, the smart circuit foundation organised an online innovation competition for students of grade 4 &5. The competition provided students with an opportunity to demonstrate and create an activity based on a scientific concept.</p> <p>Kothari International School is proud to say that several of its grade 4 & 5 students eagerly participated in the competition and created various kinds of innovative scientific activities. The results of this competition was announced on 15th of October, 2020.</p> <p>Some outstanding activities, which astounded everyone and topped hundreds of others participants, are explained in the</p>	 

			<p>words of their innovators below.</p> <ul style="list-style-type: none"> ● Saaz Kapoor of Grade 5E achieved 5th rank “It is an experiment in which I have grown bacteria in a blood agar plate. The bacteria likes blood a lot and so they eat it and make their colonies.” ● Asmi Saini of Grade 5B achieved 10th rank “This is a water dispenser representing the principle of air pressure used to create it.” ● Ryansh Gupta of Grade 4D achieved 3rd rank “The project shows a Laptop Cooling Base created with waste material from home. This is a real working model which will help my parents to work from home efficiently. The project uses an old motor from my remote control car, fans from my toys and solar panel from my game.” The proud faces of these young innovators of KIS family reflect hope of a brighter and safer future. 	 
20 th October 2020	Assembly (Innovation and Infrastructure)	4&5	<p>Morning assembly in the school gives a cool and calm start to the otherwise hectic schedule of the day. Keeping this very thought in mind, a morning assembly is conducted every alternate Tuesdays in Grades 4&5 at KIS.</p> <p>The students of Grade 4 & 5 at KOTHARI INTERNATIONAL SCHOOL (KIS), Noida started off the day with a special morning</p>	

Assembly on 20th October, 2020. The main objective of the assembly was to raise awareness about the Sustainable Development Goals - 9 Innovation and Infrastructure.

Sustainable Development is the pathway to the future we want for all. It offers a framework to generate economic growth, achieve social justice, exercise environmental stewardship and strengthened governance.

Goal of SDG - 9: Build resilient infrastructure, promote sustainable industrialization and foster innovation. Inclusive and sustainable industrialization, together with innovation and infrastructure, can unleash dynamic and competitive economic forces that generate employment and income.

CONCEPT

Develop sustainable, resilient and inclusive infrastructure-

Develop quality, reliable, sustainable and resilient infrastructure, including regional and trans border infrastructure, to support economic development and human well-being, with a focus on affordable and equitable access for all.

9 INDUSTRY, INNOVATION AND INFRASTRUCTURE

By- Deetya, Inshirah , Pihu ,Adhrit

TARGET NO.	TARGET NO.	TARGET NO.	TARGET NO.
1 Develop sustainable, resilient and inclusive infrastructure	2 Promote sustainable industrialization	3 Increase access to financial services and markets	4 Upgrade all industries and infrastructure for sustainability
Develop quality, reliable, sustainable and resilient infrastructure, including regional and trans border infrastructure, to support economic development and human well-being, with a focus on affordable and equitable access for all.	Promote inclusive and sustainable industrialization and, by 2030, significantly raise industry's share of employment and gross domestic product, in line with national circumstances, and double its share in least developed countries.	Increase the access of small-scale industrial and other enterprises, in developing countries, to financial services, including affordable credit, and their integration into value chains and markets.	By 2030, upgrade infrastructure and retrofit industries to make them sustainable, with increased resource-use efficiency and greater adoption of clean and environmentally sound technologies and industrial processes, with all countries acting in accordance with their respective capabilities.

October	NAVRATRI & DUSSEHERA CELEBRATIONS	4&5	<p>The season of festivals bring excitement for everyone, especially children. Whether it is because of the celebrations, the high spirits of people, the sweets or the decorations, everyone loves to be a part of festivals and so it is important to present children with ideas and opportunities to enjoy this festival season with environment friendly material to ensure a future full of festivals for everyone.</p> <p>Feeling the same spirit of festive season, children of Grades 4&5, Kothari International School Noida, made beautiful 3D Radial Symmetry Traditional designs during their online sessions. They made this beautiful craft work using colourful papers arranged in a 3D design. This activity was done in the month of October to mark the celebration of festivals Navratri & Dusshera.</p> <p>Through this activity the students not only enhanced their skill of paper crafting, cutting, pasting & assembling of a craft work but also created beautiful craft pieces to decorate their homes this festive season. They loved doing this craft work and were very expressive of their feelings while sharing them with each other.</p>	
25 th October 2020	Dussehra Special Assembly	4&5	<p>Navratri, followed by Dessehra, is a special part of Indian culture as it doesn't only commences a season of festivals but also celebrates the triumph of virtue over vice and the divine</p>	

			<p>feminine. These festivals spread similar joy and learning throughout the nation but are celebrated in diverse ways by all.</p> <p>This occasion was celebrated with the same vigour and enthusiasm by the students of Grade 4&5 Kothari International School on 25th October , 2020 through an online special assembly. The celebration showcased various cultural and traditional ways of celebrating these festivals. Immersed in values and richness of Indian culture, the event became a testament of the talent of all the young participants.</p> <p>The event was amalgamation of several presentations such as Bharatanatyam Durga Stuti, Indian folk dances like Garba, Dandiya and Gujrati folk dance, Western Dance Performances, Musical presentations of Keyboard and Guitar and Indian vocal singing performances.</p> <p>All of the performers and the Performing Arts team of Kothari International School received positive feedback and compliments from the audience for their efforts and presentation.</p>	  
31st October 2020	NATIONAL UNITY DAY	4&5	<p>India is a secular country with diversified cultures and the significances in their own kind. In an endeavour to solidify the bond of oneness and unification, the country celebrates the National Unity Day or Rashtriya Ekta Diwas on 31st October, every year since 2014, to commemorate the birth anniversary of Sardar Vallabhbhai Patel. This year marks the 145th birth</p>	

anniversary of Sardar Patel, freedom fighter and later a politician who played a major role in the integration of India and is one of the founding members of independent India.

National Unity Day provides an opportunity for each Indian citizen to reaffirm the inherent strength and resilience of our nation to withstand the actual and potential threats to the unity, integrity and security of our country.

In line with the celebrations countrywide, Kothari International School Noida, following the mandate organized various activities online in order to extend heartfelt appreciation about the life and the involvement of the great leader, Sardar Patel , his the veritable contribution during the freedom struggle and to lay a foundation of a unified country fused with oneness.

The students of Grade 4&5 assembled on an online platform where they learnt and discussed about Rastra Ekta Diwas, its significance and the role of Sardar Vallabhbhai Patel in the creation of an independent India. The activity was made even more engaging with the support of an informative documentary about Sardar Patel's life. Following this, the students continued with the 'Slogan Writing Activity' wherein, they expressed their thoughts and opinions about 'Rashtriya Ekta' freely and creatively. Each student then presented their slogan and their thoughts behind it.

A pledge to preserve the unity, integrity and security of the nation, followed by School song and National Anthem culminated the assembly but the thirst to know more about Sardar Patel and his contributions remained stirring in students marking the fulfillment of the event's purpose.

The idea of the assembly was to infuse in the young future generation with values integrated with the knowledge and adoration about our country's rich heritage.
