

ACTIVITY REPORT

(Grade 6 and 7) - OUR PASSPORT TO THE WORLD

“The journey of thousand miles begin with a single step”

Students of grade 6 and 7 globe-trot this beautiful world around us with a unique concept of **“Our Passport to the world”**- an activity to give exposure to the students to discover destinations across the world through integration of subjects of Geography, History, Political Science, Art, culture and languages.

The activity was conducted on 16th and 17th of September in which enthusiasm of the teams of presenters’ was noteworthy in bringing the world closer to home and ignite the curiosity among the audience to virtually travel the places and gain knowledge about its basic geographical facts and cultural features.

The presentations covered every nook and corner of the world –right from Japan and China in east to Canada, USA and Latin American counties of the west. Germany, UK in northern hemisphere to South Africa, Australian, New Zealand in southern hemisphere with beautiful visuals and information alike.

The children showcased the countries right from its location to its government, unique culture, famous tourist spots, the mouthwatering cuisines, famous personalities, sports played and some of the commercial activities. They danced to the local tunes of the folk songs of the countries and also essayed the roles of local travel guides to travel agents in preparing the itineraries of sightseeing. Each group concluded its presentation with a small quiz to make it more interactive and engaging.

To sum up, the activity was a visual delight with a great learning experience for the children to explore and share their virtual journeys with great zeal and motivation.
