

K2 Activity-Virtual Idol 9.4.21

Report

Music is the essence of life. Everything that has rhythm has music including our breathing. It's one of the most calming and soothing things which comes together with melodies and tunes strung together. To bring out the singing talent of our students K2 organized a fun filled Friday activity called the 'Virtual Idol'.

Students sang Hindi/English songs with and without musical instruments. They really enjoyed this activity as the children sang their favorite songs with a lot of passion and confidence. They also showcased a sense of pride, self-esteem and self-confidence as a result of this activity
