

IGCSE 10 CHEMISTRY : PROGRESS OF SYLLABUS COVERAGE	
Syllabus Content	Proposed to be Completed by
1 Electricity and chemistry 2. Chemical energetics 6.1 Energetics of a reaction 2.1Energy transfer	April June June
3. Acids, bases and salts	June
4. Rate (speed) of reaction	July
5. Patterns and Properties of metals	July
5.1`Reactivity series	July
5.2 Extraction of metals	August
5.3 Uses of metals	August
6. Industrial Inorganic Chemistry	September
7. Organic chemistry Homologous Series and nomenclature	October
8. Alkanes	October
9. Alcohols	November
10. . Carboxylic acids	November
11. . Petrochemicals and Polymers	December
12. Planet Earth	December
13. Revision	January
