GRADES 9-12

COMMUNITY OUTREACH PROGRAMME

Dear Parent,

The core values of social work include compassionate service to others, fostering dignity for all individuals, social justice, and promoting stronger human relationships.

While engaging in helping others, it is not only the society that gets benefitted from the social work done by the students, but it is also the students who get benefitted from the Social Work. Our country's future is in the hands of our young learners and when they will grow up, they will work for the betterment of the country.

Keeping this in mind, the **Social Wing of KIS** is organizing a **Community Outreach Programme** for students of Grades 9-12. For this, we have collaborated with the **NGO- Humari Pehchan**. Under this programme the students will be working on several projects for 15 days, and will receive certificates as well. When reflected on the student portfolio, engagement in such programs is beneficial for students, especially while applying for admissions in universities.

Following are the few topics on which students can work-

- Mental Health/Counselling
- Legal Awareness/Knowledge
- Social Entrepreneurship
- Help Each Other
- Community outreach
- Content Writing
- Discovering Your Talent

Keeping in mind the child care policy of KIS, personal details of students will not be shared and our School Counsellors will be the medium of communication for the Community Outreach Programme.

To discuss more about this, we have invited Humari Pehchan Team for an orientation session. Kindly join to get more information and get further clarity.
